OBJECTIVE

To obtain an internship in software development where I can apply my knowledge and skill, and gain practical experience in the field.

EDUCATION

Bachelor of Science in Computer Science (Expected Graduation: June 2024)
Sampoerna University, Jakarta
Cumulative GPA: 3.61/4.00

RELEVANT COURSEWORK

- Web Programming.
- Software Engineering.
- Data Structure and Algorithm.
- Object Oriented Programming.
- Computer Programming for Engineering Application.

TECHNICAL SKILL

- HTML, CSS, MySQL, Laravel, C, C++, Java, Python, and JavaScript.
- Basic experience using GitHub for course project.

BOOT CAMP EXPERIENCE

- Completed an Intensive Bootcamp Data Science in July 2022, where I gained experience on developing machine learning using Python programming language with its associated libraries, used PostgreSQL, and created a dashboard for data visualization using Google Data Studio based on case study.
- Completed a Robotic Process Automation Training in November 2022, where I gained experience on using UiPath application in creating a simple automation process for scraping search engine result.
- Completed an MTA: Introduction to Programming Using Python in August 2021, where I learned the basics of Python programming language.
